

taking care of my money garden

4 parts

Attitudes, identity, practices

EARLY BETA

groundwork

the foundation, what nourishes all
our efforts

*attitudes, identity, stories, definitions,
beliefs*

I love money

It's a tool to help me live my values

Being the bo\$\$\$ of my money gives
me choices /freedom

plants

how we earn the money

*our choices for time, efforts, priorities,
obligations*

I love the ways I make money

I have chosen my rates + policies with
care

I consider my needs when defining work,
schedule, policies

harvesting

how we utilize the money

to survive and thrive, live our values

I know what I need to survive /
pay the bills

I know what I need to thrive!

I utilize money to support my
values

I can be more of myself + live
my values: because of how I
work with money

tending

how we take care of our efforts and the money

monitoring, adjusting as needed, routing, giving attention to, appreciating

I enjoy taking care of money

I feel knowledgeable / or I'm excited to build my knowledge

I have regular habits of tending money - built into my schedule

I assess and make changes when I need or want to

I have set up systems to route money where needed

For The Launch
